HR70-14

1. Mr. Earman informed Colonel Hansen that the press release on Mr. Becker (appointment as DD/I) ~~was now with DCI after having been OK'd by~~ *had been passed to DCI by Mr. Kulle.*

2. Mr. Reber suggested that in regard to NSCID-1 (dissemination of national intelligence to foreign nations), Mr. Lay be consulted for guidance before the problem is presented to NSC. It was decided that this matter be discussed with Mr. Becker.

3. As a result of some success in agreement among IAC representatives in recent meetings regarding the Service intelligence problems *Mr. Reber is drafting a cable of instructions for Truscott. It was stated that the matter probably would be ironed out before the next IAC meeting of 24 January (which would be too late anyway, since Truscott needed advice immediately). The instructions to Truscott are to be cleared with DD/P before presenting to DCI.*
